

**LISTING OF PESTICIDE PRODUCTS REGISTERED
FOR SALE AND USE WITHIN
RHODE ISLAND IS NOW AVAILABLE**

Once again, the Division of Agriculture has published a book listing all pesticides that are registered within the State for the period December 1, 1998 through November 30, 1999. For easy reference, the book is organized alphabetically by manufacturer, and lists the product name and EPA Registration Number. Bound Copies are available at the cost of \$ 10.00 per copy. Anyone purchasing the book will also be provided with additional updates for products registered after this publication and until the end of the registration period.

By Law, applicators are required to use only those pesticides that are currently registered with the state. This book will assure that the pesticides that are being purchased and used are currently registered.

Please note, that distribution and use of an unregistered pesticide is a violation of the Rhode Island Pesticide Control Act and may result in an enforcement action against the pest control company and/or distributor.

If you wish to purchase a copy, complete the order form below and return it to: **The Division of Agriculture, 235 Promenade St. Providence, RI 02908 along with a \$10.00 check or money order made payable to the State of Rhode Island. Do Not Send Cash.**
